O'Relax Vending™

MassageMaster™ Vending Controller

O'Relax Vending™

O'Relax Vending™ is the Australian leading operator of vending massage chairs.

O'Relax Vending™ is using **MassageMaster™** vending controller for the vending business. Across Shopping Centres, Night Clubs, Entertainment Centres and Corporate Massage Rooms; people are enjoying the benefits of massage chairs powered by **Galtotronic™** vending controllers.

The Application

Galtotronic™ developed the solution **MassageMaster™** vending controller to control O'Relax™ massage chairs.

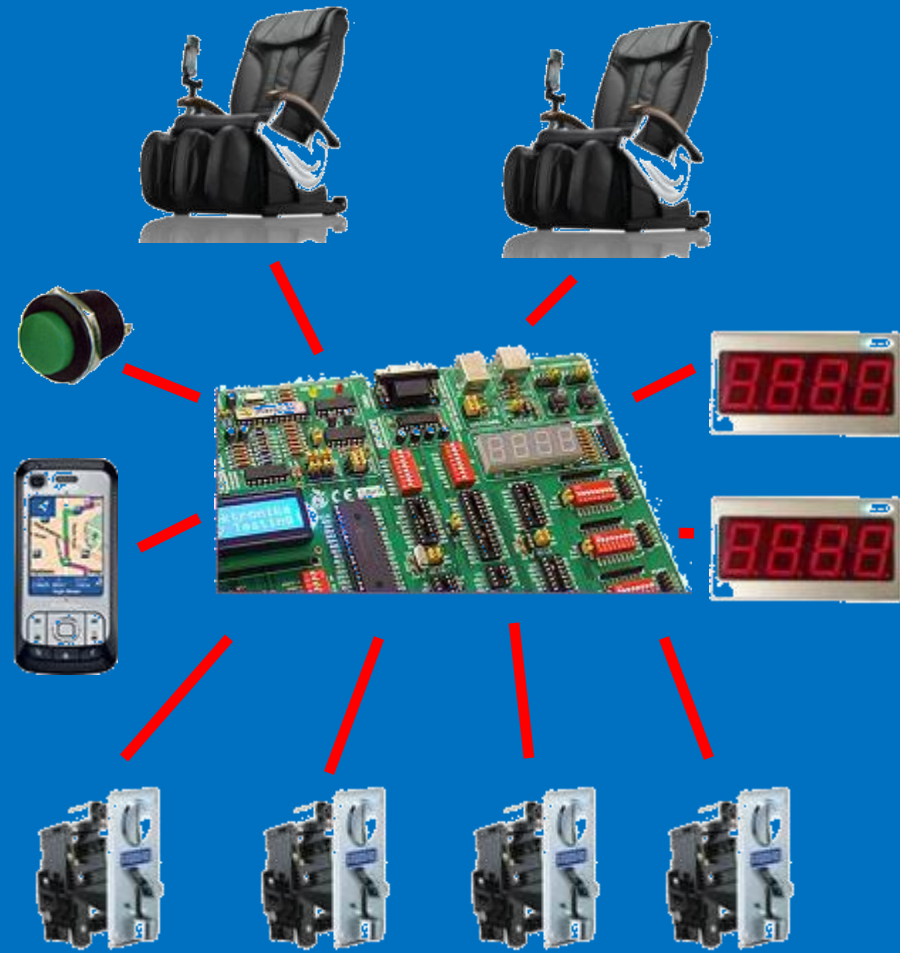

O'Relax Vending™ is enabled to use domestic massage chairs for its vending business. The combined reliability of **Galtotronic™** vending controllers and O'Relax™ massage chairs is the perfect recipe for a successful Australian vending company operations.

The Controller

The **MassageMaster™** vending controller reliability handles in Real-Time:

- Two massage chairs,
- Two seven segment LED displays,
- Four massage counters,
- One counter switch,
- Four coin acceptors and
- Remote monitoring telemetry.
